ABOUT US

Delius forayed into the pharmaceutical industry in 2014. Now, we are a flourishing market leader in India with concentrations in generic and ethical pharmaceuticals. Our ultimate goal is to make a meaningful difference in the lives of patients and create a positive impact on the world through excellence and commitment. We are passionate about our goals and optimistic about the future of healthcare and are constantly exploring opportunities for expansion and growth. Healthcare is a basic human right, and we are proud to be part of the solution.

WHY ARE WE A CUT ABOVE THE REST ?

- Advanced technology
- An industrious workforce
- Emphasis on compliance
- GMP guideline adherence
- Unwavering focus on quality
- Extensive research and development
- Product variety in the general segment

PRODUCTS YOU CAN TRUST

Delius Pharmaceuticals is not in the business of making money, It is in the business of providing the #1 products in the country. In an effort to better the lives of our customers we reinvest 35% of our total annual turnover into turnkey R&D initiatives. In fact, this extensive commitment to our customers is probably the secret sauce to our success as the **people's brand !**

We create and market, quality and affordable healthcare products in a range of dosage forms, including:

- Injectables
- Oral solids
- Oral liquids
- Soft gelatin / Hard gelatin capsules

Our catalogue also includes items requiring specialised conditions like controlled release, humidity, or temperature.

PEOPLE YOU CAN TRUST

We believe in putting your life first, so everything we do is guided by that conviction. Because your health and wellbeing are paramount to us, we implement the following:

- Continuous improvement and innovation to improve our facilities, products, processes, and procedures.
- Appropriate training, education, skills, and experience for employees to ensure competency.
- Frameworks for quality programmes to create a sustainable culture. ***With you in mind, we are constantly pushing the boundaries of what is possible in healthcare.***

MISSION

Our every thought, step, and initiative has and will always be to improve the lives of patients by providing cost-effective, unique, and superior pharmaceutical products. Something that we do by ensuring that innovation, quality, and affordability remains at the heart of our company's daily operations. As a result, we are always conceptualising and putting in practice technologically efficient and sustainable methods of production.

VISION

We hope to become a household name across the globe as a renowned pharmaceutical company synonymous with affordability and accessibility. All the while, creating a democratised strong, diverse, and economical product portfolio regardless of educational, financial, geographical, or logistical constraints.

VALUES

Since inception of Delius, our significant achievements in the last few years speak for itself. Our growth and success is credited to the cooperation and teamwork of all our employees who have always been our tremendous strength.

One of our core values – “No Pain No Gain”. – has been the mantra that has taken Delius to such heights. Hence, we have cultivated a work culture that permits our employees to learn, innovate and experiment with new ideas.

The constant support and encouragement from our valued customers is vital to us and we promise to deliver quality products that will help them to live a happier, healthier and a more active life.

We are passionate about our goals and optimistic about our future as we explore more opportunities of expansion and growth at different stages of development.

OUR PILLARS OF STRENGTH

Our employees, who are dedicated and devoted to learning, innovating, and experimenting with new ideas.

Our customers, whose strength and support are priceless. Their happiness and healthiness are uppermost in our concerns.

DELIUS AT A GLANCE

Not to Brag, But...

Here's a look at a clutch of our key strengths.

Our company's core competency lies in delivering high-quality, cost-effective medicines to market, while maintaining uncompromising standards of excellence for our end consumers. Our commitment to affordability and quality sets us apart in the market and drives our success.

MARKET PERFORMANCE Delius has been consistently growing at 90% of its CAGR and will reach ₹2000cr by 2025. We aim for steep, and scalable growth in ethical formulation and generics.

DEVELOPMENT AND INNOVATION Since its inception, Delius has proved time and again that it DEFINES that market and acts as a market catalyst to the development of the pharmaceutical industry. Having introduced differentiated products and molecules backed by our innovative in-house R&D team. Moreover, we maintain a diversified product portfolio that ensures a high-demand for our products throughout the year.

BRAND POWER Delius doesn't just put out products, it dishes out new trends. With each new stride we are working to inspire other industry experts through our patient-centric approach, values, and ethics.

CORPORATE STANDING With consistent annual growth, we have entered the league of Top 100 Indian-Owned Pharma Companies. Something that we have achieved not as a result of extensive marketing efforts but rather through the constant evolution of our already superior products. In fact, to this day we have merely 5 divisions for marketing intended to promote our products.

LEAVING A CLEAR MARK ACROSS THE NATION

The Man Behind The Brand

“

Digvijay Kumar, the Founder and Managing Director, is a self-made, first-gen entrepreneur who propelled Delius onto the global stage as a fully integrated pharmaceutical company in 2014. He transformed the company into a dominating force within a matter of a few years, showcasing his exceptional leadership and business acumen.

“BUSINESS ACUMEN MEANS NOTHING WITHOUT HONESTY AND TRANSPARENCY”

In keeping with these values, he endeavours to provide premium pharmaceutical products at economical prices. His short-term and long-term goals involve maintaining accessibility, yielding strong and measurable results, impacting consumers' lives positively, and giving back to society.

With 25+ years of experience from the past and a vision for the future, he hopes to establish Delius as a global stalwart in the industry. He has driven the success of products like Aesivit and Excelrab in the Indian market by aligning them with the market, streamlining production processes, compellingly marketing them, and solving pertinent ailment issues.

He is passionate about youth outreach, sharing his life experiences with them and encouraging them to step up to life's challenges and responsibilities with courage and confidence.
